

Dental Plans are available as an add on to the Adult Healthy Pet Plans

Dental cleaning can help to prevent the further progression of disease and restore your pet's mouth to a healthier condition.

Includes: Pre-anesthesia bloodwork, anesthesia, scaling, polishing, oral exam, cardiovascular monitoring, intravenous fluids, and hospitalization for a total value of \$350.

*Please note, the dental package does not include digital radiographs or extractions. The total price of the dental cleaning must be paid before scheduling an appointment for cleaning.
